Answer's dynamic and asynchronous online professional development workshops allow you to set your own pace while learning at a convenient time for you.

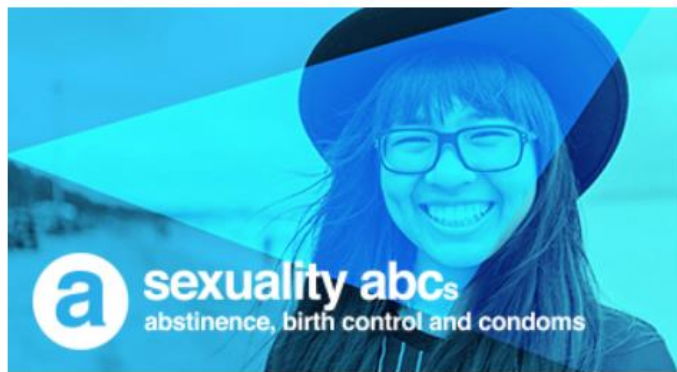

Participants who complete each workshop receive six hours of professional development credit. Each online workshop is approved for six category one CHES credits by the National Commission on Health Education Certification (NCHES). The registration fee is \$150 per workshop and group discounts are available.

Answer's dynamic and asynchronous online professional development workshops allow you to set your own pace while learning at a convenient time for you. You have one month to complete each workshop at times that are convenient for you.

Participants who complete each workshop receive six hours of professional development credit. Each online workshop is approved for six category one CHES credits by the National Commission on Health Education Certification (NCHES). The registration fee is \$150 per workshop and group discounts are available.

“When I choose Answer, I am assured of quality, professional and competent trainers that provide engaging, interactive sessions. Answer staff are always willing to tailor a training session to my specific needs and they work hard to assure my satisfaction. I would highly recommend Answer to other school districts and organizations looking for professional development for your staff.”

—Health supervisor, OH

EDUCATORS

Hallway chatter plus easy access to online content that may be inappropriate or inaccurate makes providing medically accurate sex education more challenging than ever. AMAZE videos will help you cut through the noise and provide the critical information your students need.

Check out our videos by topic below. Each video is accompanied by resources for educators, including discussion questions, lesson plans, books and websites.

As an Educator check out "[My Amaze](#)". This functionality enables you to select and save videos, create unique playlists to integrate into lessons, and share links to selected videos/playlists with students. After registration, you will be able to come back anytime and login to view your personalized page, and know whether each video has been watched.
